## REPORT OF FACILITIES CREATED DURING THE LAST QUARTER

Mahatma Gandhi International Girls College, Andhi, Jamwaramgarh Jaipur, managed by Manav Seva Samiti Jamwaramgarh, Jaipur, has undertaken various developmental, academic and infrastructural initiatives during the last quarter for strengthening the teaching-learning environment and improving overall institutional facilities for students, faculty members and stakeholders. Continuous efforts are being made by the institution to maintain quality standards in academic administration, campus development and student support services. The following facilities and improvements have been created/upgraded during the said period:

### 1. Academic and Infrastructure Development

- Renovation, maintenance and improvement of classrooms for creating an effective and student-friendly teaching-learning environment.
- Installation and upgradation of classroom furniture, teaching aids and academic support facilities. Strengthening and modernization of laboratories with necessary equipment, instruments and instructional materials.
- Improvement and maintenance of seminar hall, multipurpose hall and activity areas for academic and co-curricular activities.
- Installation and maintenance of CCTV surveillance system for ensuring campus safety, monitoring and security.
- Development and maintenance of clean, green and eco-friendly campus infrastructure.

### 2. Library Development

- Procurement and addition of new textbooks, reference books, journals, magazines and other academic resources as per curriculum requirements.
- Strengthening of digital learning resources and library support services for students and faculty members.
- Systematic arrangement, cataloguing and maintenance of library resources for better accessibility and academic utilization.

### 3. ICT and Digital Facilities

- Upgradation of computer systems and ICT-enabled facilities for academic and administrative purposes.
- Improvement and strengthening of internet and Wi-Fi connectivity within the campus premises.
- Enhancement of digital teaching-learning facilities including projector systems, audio-visual aids and smart academic support facilities.
- Digitization and systematic maintenance of institutional records, academic documentation and administrative data.

### 4. Student Support and Welfare Facilities

- Improvement and maintenance of Girls' Common Room facilities and student support areas.
- Upgradation and maintenance of clean drinking water and sanitation facilities for students and staff members.
- Maintenance of hygienic campus surroundings and effective waste management systems.
- Strengthening of student guidance, counseling and support services for academic and personal development.

**5. Environmental and Campus Development Activities**

- Plantation and greenery development activities undertaken within the campus premises.
- Beautification and landscaping of campus surroundings for maintaining a healthy academic environment.
- Development and maintenance of gardens and eco-friendly campus activities.
- Organization of awareness initiatives related to environmental protection, cleanliness and sustainable practices.

**6. Administrative Improvements**

- Renovation and maintenance of administrative office, staff room and institutional service areas.
- Improvement in office management systems, record maintenance and institutional documentation procedures.
- Strengthening of internal administrative support facilities for smooth and efficient institutional functioning.

The institution remains committed towards continuous quality enhancement, academic excellence and holistic development of students through strengthening of academic infrastructure, student welfare facilities and institutional support systems.
